Communication: understanding, researching, speaking and writing

Technology: Interpreting, teacher-led, engagement and producing

Top Apps , **Must Haves** , **Other Favorite Apps**

Plickers - Quick *assessment tool*, only one device needed - not a class set. Android & iPhone JR

Tellegami - Tellagami is a mobile app that lets you create and share a quick animated video called a Gami. Android & iPhone DG

Office Sway -Sway is an intelligent app that helps you easily create an interactive web-based canvas of your ideas. Makes easy presentations using a variety of media including videos and export via email. iPhone and Web DG

Educreations - is a unique interactive whiteboard and screencasting tool that's simple, powerful, and fun to use. Annotate, animate, and narrate nearly any type of content as you explain any concept. Teachers can create short instructional videos and share them instantly with students. Lensoo Create (Android) JR

Book Creator- An iPad/iPhone and Android App to create books, students can incorporate sound, pictures and text. Android, iPhone DG

MANY WAYS TO SHARE YOUR BOOK

- * Send your book by email
- * AirDrop to iPhone, iPad or Macbook
- * Use a cloud service such as Dropbox, Google Drive, iCloud Drive (and more)
- * Save your book as a movie file and upload to the web
- * Print using AirPrint or other printer apps, or export as a PDF
- * Ability to send via WebDav server, or simply connect your iPad and transfer to iTunes

TAKE IT AWAY CLASS!

Kahoot - is a collection of questions on specific topics. Created by teachers, students, business-people and social users, they are asked in real-time, to an unlimited number of “players”, creating a social, fun and game-like learning environment. JR
